

# DREAM *(Charlie Vitamine)*

I made a dream  
I was a star

I made a dream last night  
I was a star in blue light

Everyone  
'Cause I'm the star

takes me for a muse  
star of the blues

I saw an indian girl  
She was so attractive

She seemed to be a pearl  
That I made a tentative

-----  
I made a dream, I made a dream,  
I made a dream every night  
Deeply dream, deeply dream  
-----

*stop + 1 tour intro*

I made a dream  
I was a man

I made a dream last night  
I was a man in blue dark

Oh everyone  
I'm not a star

takes me for a fool  
not a star of the blues

## SOLO
