

LADY LOVE
ROBIN TROWER

Lady love, I heard a voice and it soothed me
Lady love, a simple tune and it moved me

Move me and soothe me, leading me on.
Too late for me now, Lady love

BREAK COW BELL

Lady love, a man's a fool to believe me
Dreams of love, passing by like the seasons

Maybe I'll wake up, oh, tell me I will
Find you the wings, Lady love

SOLO, ENTER DIRECT

Lady love, I need some warm and tender
Nights of love, oh so fine to remember

Maybe tomorrow, your fever will find me
Waiting for me now, Lady love

Maybe tomorrow, your fever will find me
Waiting for me now, Lady love
