

# Non grata man (Charlie Vitamine 2010)

Non grata man

Non grata man

Non grata man

Non grata man

- It was at tuesday night
- And I knocked at your door
- I really thought you was allright
- To speak with me a little more

**PONT**

Hey Mr. C.,I thought you were my friend  
But you let me down when I am in pain  
Yes Mr. C.,I thought you were my friend  
I'm a non grata man

Non grata man

Non grata man

- the wind was blowing 'cross the valley
- Even the snow had begun to fall
- You looked at me with a strange smile
- and your heart was like an icecream

**PONT**

Hey Mr. C.,I thought you were my friend  
But you let me down when I am in pain  
Yes Mr. C.,I thought you were my friend  
I'm a non grata man

Non grata man

Non grata man

Non grata man

Non grata man

## **Solo**

Hey Mr. C.,I thought you were my friend  
But you let me down when I am in pain  
Yes Mr. C.,I thought you were my friend  
I'm a non grata man

Non grata man

Non grata man

- You punished me, but I dont know why
- You didn't give me a glass of gin
- I left your home in the black night
- Just carried by the cold wind

**PONT**

Hey Mr. C.,I thought you were my friend  
But you let me down when I am in pain  
Yes Mr. C.,I thought you were my friend  
I'm a non grata man
