

**Can you tell me? (Charlie Vitamine)**

**Can you tell me why life is so hard and the  
sky is so black?**

**All we do is suffer, day and night**

**Can you tell me why, pleasure is so far  
away?**

**We're wasting time, making guns all ' time**

**I'm feeling down down**

**O babe, life is so hard tonight**

**I'm getting down down**

**O babe, getting down**

**Can you tell me why war keeps coming  
back?**

**Have we learnt nothing from our history?**

**Can you tell me why, we play such an idiot  
game?**

**Passing our days just to make more money  
(where is the love?)**
