

## *Chicago Blues*

**Wake up this morning**

**My room is so cold**

**Come on baby**

**It's time to run**

**Come on, yeah come on**

**Come on pretty Baby**

**But the blues is only friend**

**Take a journey**

**To the last midnight**

**Time to live**

**Time to lie**

**Come on, yeah come on**

**Come on pretty Baby**

**But the blues is only friend**
