

PURPLE HAZE

**Purple haze was in my brain
lately things dont seem the same,
actin' funny but I dont Know why,
excuse me while I kiss the sky.**

**Purple haze all around,
don't know if I'm coming up or down
Am I happy or in misery?
Whatever it is, that girl put a spell on me.**

**Yeah purple haze was in my eyes,
dont know if it's day or night.
You've got me blowing, blowin' my mind,
Is it tomorrow or just the end of time.**
